TESTIMONIAL

To whomsoever it may concern:

Saigun Technologies Pvt Ltd, India, provides HR Consultancy Services to organizations on all aspects of human resource management. They have trained our Senior Manager HR & two HR executives on modern HR practices, ranging from Human Capital Management to Strategic HR (including Recruitment, Performance and Talent Management, Compensation management & Succession Planning). Our officers were also exposed to the on-line HR platform 'EmpXtrack', a web based software to manage HR processes in an integrated manner.

Saigun's highly professional approach to training, which is based on their years of experience in providing HR consultancy services & solutions to international clients, has greatly benefited our team through in-depth understanding of all HR processes which constitute the Life cycle management of employees. The knowledge so acquired is helping us immensely in streamlining our HR systems & ensuring their effective deployment.

Al-Suwaidi Industrial Services Co. Ltd. will like to place on record their appreciation of the training conducted for their personnel and would recommend the expertise of Saigun Technologies Pvt Ltd to be utilized by all progressive organizations who are focused on the modernization of their HR function.

Best regards,

AHMED A. AL GHAMDI
